## Experience

---

### Emory University

*Grader: Maggie Jones, PhD*

**Atlanta, GA**

*Spring 2024-Present*

- I grade homework, projects, and exams for the undergraduate courses Intermediate Microeconomics and Labor Economics

*Research Assistant: David McMillon, PhD*

*Fall 2023-Present*

- I am working with Dr. McMillon on an analysis of previous work on the economic impacts of racial inequality

*Teaching Assistant: Shomu Bannerjee, PhD*

*Fall 2023*

- I held office hours for the undergraduate course Principles of Microeconomics where I primarily reviewed concepts and problems with students

### University of Alabama at Birmingham

*Teaching Assistant: Katie Corvey, PhD*

**Birmingham, AL**

*Spring 2022*

- I graded class assignments and homework and held office hours for the undergraduate course Public Health Systems

*Honors College Presidential Summer Fellow: Josh Robinson, PhD*

*Summer 2021*

- As one of 26 students chosen for this Fellowship, I spent six weeks working on an independent research project on the health effects of redlining under the supervision of Dr. Robinson

### CVS Health

*Licensed and Certified Pharmacy Technician*

**Birmingham, AL**

*Summer 2020-Summer 2022*

- I filled prescriptions, resolved billing rejections, assisted patients with prescription and OTC medications, and worked with physicians and insurers to address patient concerns. I also administered vaccinations to patients ages 5 and up.

## Technical Skills

---

Python, Stata, ArcGIS Pro, L<sup>A</sup>T<sub>E</sub>X
